To the eyes is what J. T. Johnson gives. You must admit that a man who gives all his time to one line of work can give better and more accurate service than if he were giving only a small part of his time to it.

## A SUDDEN SUMMONS CAME

Colored Man Falls Dead  
in His Squalid Attic.

### HEART FAILURE WAS THE CAUSE

Of His Sudden Demise—Inquest Will  
be Held—Was an Employee of the  
Banner Warehouse.

In the squalid attic of a small frame  
hut on East Sycamore, furnished only  
with a chair without a back and a  
dirty bed, THE TELEGRAM man found  
the mortal remains of Sam Banes. He  
had fallen with his head near the win-  
dow which was without glass and was  
lying just as he fell, awaiting the law's  
verdict as to the cause of death. He  
was barefooted and clothed in the  
rags he wore about his work and a  
cheap pine coffin lay beside him.  
There was not the slightest mark of  
violence upon him and he bore all the  
evidences of being in good health  
when the summons came.

A physician examined him and gave  
heart failure as the cause of death. An  
inquest will be held by the coroner up-  
on his return. The dead man had been  
an employe of the Banner warehouse.

### THINK THE MILLENIUM IS COMING

Voodoo Doctors Preying Upon Negro  
Credulity in the Black Belt.

By Wire to THE TELEGRAM.

MONTGOMERY, Ala., Sept. 29.—The  
recent death of William Pomeroy by  
lightning and the miraculous escape  
of several other persons from the same  
bolt created a furor among the ne-  
groes in this State. They regard the  
fatal occurrence as a sign that the  
millennium is close at hand. Voodoo  
and alvoodoo doctors who operate in  
the vicinity of Snow Hill in the very  
heart of the black belt are directly re-  
sponsible of this condition of affairs.  
They are preying upon the credulity  
of the ignorant negroes.

### TURK KEEPS PUNIC FAITH.

Attempts to Land Turkish Troops on  
the Island of Crete.

By Cable to THE TELEGRAM.

CAULA, Sept. 29.—Seven Turkish  
sailing vessels attempted to land troops  
of the Sultan on the cretan coast in  
violation of treaty stipulations. The  
undertaking was balked by the admi-  
ral of the foreign war ships which  
have been on guard in cretan waters  
since the beginning of the uprising  
against Turkish rule there.

### NEAL DOW NEARING HIS END.

The Father of Prohibition in Maine  
is 97 Years Old.

By Wire to THE TELEGRAM.

PORTLAND, Maine, Sept. 29.—Gen-  
eral Neal Dow, the father of prohibi-  
tion in this State passed a comfortable  
night but is weaker this morning. It  
seems impossible that he should sur-  
vive long. He is now ninety seven  
years old.

### One New Case and Two Deaths.

By Wire to THE TELEGRAM.

NEW ORLEANS, Sept. 29.—The num-  
ber of red and yellow flags about the  
city, indicating yellow fever, is in-  
creasing, but the disease is not grow-  
ing more malignant than ten days  
ago. One new case reported today,  
Two deaths.

The board of health has decided to  
make its day's record at nine o'clock  
instead of six hereafter, in order to  
avoid a conflict between official and  
unofficial reports.

### Are We After Greenland?

By Cable to THE TELEGRAM.

LONDON, Sept. 29.—There is a ru-

country.

## POINTS FROM HIGH POINT.

Personal and Local Affairs Briefly  
Mentioned.TELEGRAM BUREAU,  
HIGH POINT, N. C., Sept. 29, '97.

The library movement, which Prof.  
Crowell, superintendent of our graded  
schools, embarked some time ago, has  
not been attracting much attention re-  
cently and we have been wondering what  
had become of it. But while we mused  
the fire burned. Various friends of the  
school have made donations for this  
good cause. Two parties have intima-  
ted their intention of sending in a set  
of Chambers' Encyclopedia. Miss Ra-  
gan has donated \$5.00 to the library  
fund. But by far the most valuable  
gift the library has received, or is  
likely to receive, is the set of Colonial  
Records, presented by State Superin-  
tendent Chas. G. Mebane. Only two  
other schools in the State, Charlotte  
and Winston, possess these records.  
There are ten volumes, and Mr. Me-  
bane also gave five volumes of educa-  
tional reports. While others are lay-  
ing their gifts at the feet of Professor  
Crowell for this noble work, THE TEL-  
EGRAM wishes to make its little offer-  
ing, which is this: Twenty-five per  
cent of all money received in the  
High Point office on subscriptions  
during the month of October will be  
turned over to Professor Crowell for  
the library fund. This does not ap-  
ply to subscriptions already due or  
to those who accept the Citizen-Tele-  
gram club rates.

This being the first year and first  
month of High Point's graded school,  
it is worthy of note that a larger per-  
cent of the children of school age  
have enrolled than in any other gra-  
ded school in the state.

The colored school is also in a pros-  
perous condition.

Col. Andrew's private car passed  
through High Point last night. The  
colonel was returning to Raleigh from  
San Francisco.

The Western Union is putting new  
wire in the High Point office.

Miss Annie Ragan and Miss De-  
borah Tomlinson, of Archdale, board-  
ed the train for Greensboro this morn-  
ing.

G. S. Bradshaw came down from  
Greensboro on the 8:20 train.

R. F. Dalton left for Asheboro this  
morning.

Prof. N. C. English is in the city to-  
day.

J. H. Paylor has entered into an  
engagement to travel for the High  
Point Pants Co.

Life's meeting at Thomasville will  
close Thursday. The evangelist will  
then go to Lexington.

Robinson & Franklin's show is bill-  
ed to exhibit at High Point on the 14th  
of October.

The assessment of the Peabody Fund  
were made in Raleigh yesterday. This  
morning Dr. Bradshaw received a let-  
ter from Hon. C. G. Mebane, stating  
that \$300, had been allotted to the High  
Point school. He has been working  
for \$500 and still hopes for that  
amount.

### From Whitsett.

Special to THE TELEGRAM.

WHITSETT, Sept. 29, 1897.

Capt. W. B. Kendrick, of Raleigh,  
spent an afternoon here the first of the  
week.

Dr. G. W. Whitsett and Mr. Gar-  
land Daniel, of your city, ran down  
upon their wheels yesterday afternoon.

W. M. Clapp is opening up a new  
stock of goods here.

J. D. Oldham is away on a business  
trip to Charlottesville, Va.

### Situation Worse at Edwards.

EDWARDS MISS, Sept. 28.—Dr.

Dunn of the state board of health has  
given out the following statement:

Total cases to-day, 21; total cases to  
date 189 in town, and 8 in the country;  
number seriously ill, 6; number con-  
valescent and up, 90; total deaths to  
date 8.

The yellow fever situation seems to  
grow worse daily. Five out of the six  
mentioned are seriously ill have had  
repeated attacks of black vomit. The  
fever is fast mowing down the white  
male population, and at the present  
rate a few immune nurses and doctors  
will soon have complete control of the  
town.

### Will Live in Giddy Paris.

HARRISBURG, Pa., Sept. 29.—Chand-

is. After an extended wedding tour  
the couple will proceed to Paris, where  
they will reside.

## WM. M'KINLEY BREAKS FAITH

Disregarding the Com-  
pact Made With Reid

### SLATES HIM FOR FIRST GOVERNOR

Of Hawaii—Will Not Send Mr. Frank  
Aldrich to Havana—Says Annex-  
ation is Assured.

By Wire to THE TELEGRAM.

WASHINGTON, Sept. 29.—The charge  
is being freely circulated that Presi-  
dent McKinley has broken faith with  
Thomas B. Reed once more. Instead  
of sending Aldrich, of Chicago, to Cu-  
ba to succeed Fitz Lee, as was agreed  
upon in the original compact between  
them, he now contemplates sending  
him to Hawaii as the first governor of  
the islands when they have been an-

The President looks upon the annex-  
ation treaty as sure to be ratified soon  
after congress meets.

at Present.

NEW YORK, Sept. 29.—Regarding  
the letter said to have been written by  
Wm. J. Bryan on the proper attitude  
on national issues of the Democracy  
of Greater New York in the pending  
municipal campaign, Colonel W. L.  
Brown of the Daily News, to whom  
the letter is said to have been ad-  
dressed, said today:

"Not one word of the letter which I  
received from Mr. Bryan has been  
made public. No one, except a few of  
the leaders, have seen it. I will make  
it public whenever the leaders of Tam-  
many Hall deem it advisable, and not  
until then. It may be given out in  
a few days and it may never be given  
out."

### RESUMED ITS SESSIONS.

and another meeting will be held to-  
night.

The commission is still discussing  
the general features of the work and  
has not yet settled down to a routine

### How to Prevent Accidental Fires.

1st. Keep the leaves swept from the valleys  
and gutters of your house—a spark may ignite  
them.  
2nd. See that your stoves are in safe and  
sound condition.  
3rd. Use metal vessels exclusively for taking  
up ashes and let them stand 24 hours before  
emptying, or empty on ground apart from any  
fence or building.  
4th. 50 per cent. of dwelling house fires result  
from sparks on roof, defective flues, and tak-  
ing up ashes in wooden vessels.

THE Governor proposes to see to it that pie is not on the Round Knob bill of fare.

THE big gas main that blew up in New York was probably only a premonitory symptom of the coming mayoralty campaign.

"MARYLAND, My Maryland" has it straight from Mr. Gorman that the despot's heel proposes to become a fixture on her shore.

THE assertion of Mr. Debs that strikes don't pay suggests that the salary of that expert tongue twister must be in arrears.

WE respectfully suggest that Otho Wilson adopt as the Motto for his "Hayseeder," which is soon to appear "Green grows the grass."

THE civil service examiners decline to go into the yellow fever district and now there will be additional cause to long for the coming of frost.

THE appointment of a woman Superintendent of street sweepers in Chicago is an honor merited by ripe experience in handling a broomstick.

EVEN the Baltimore Sun has taken to explaining how it all happened. The Sun as a descender on baseball suggests an elephant threading a needle.

MR. GAS ADDICKS, of Delaware, is experiencing some difficulty in convincing that garden sass and mosquito growing commonwealth that providence designed him for a Senator.

THE very newest way of making a sure exit from a life that is over troublous is to monkey with a bottle of alcohol and a gasoline stove. A modest tombstone will adorn the resting place of the youth who made the discovery.

TREASURER Worth has notified Otho Wilson that if he wishes to be present at Judge Simonton's hearing in Wilmington, the walking is excellent. Mr. Worth will please recall that Congressman Hatch has pre-empted the title "Watch dog of the treasury."

THE failure of the coroner's jury to agree upon a verdict in the case of the miners shot at Latimer may be taken as a pretty sure indication of what the final outcome of the whole business will be. Four out of six declare that killing was "wanton and unjustifiable" while two bring in a verdict of justifiable killing on the ground of intended violence. This too though every disinterested witness has declared the shooting to have been unprovoked and though the Sheriff had made out a case that was ridiculous in its flimsiness. The "law's delays" and a cooling of public sentiment will avail to secure a light verdict if not absolute acquittal. Thus we shall have another travesty upon justice.

THE Treasury officials having grown weary of calculations have betaken themselves to the infinitely easier business of predicting that government receipts will exceed expenditures by the time good-resolutions are in full bloom. It may be remarked though that just at present receipts have only gotten near enough to see the cost-tails of expenditures disappear over the next rise.

THE number of enterprises constantly being reported from every part of the state shows that tarheelism is not to sleep much longer. New railroads, factories, schools, all those things that go to the making of a commonwealth, are being projected and built. It has taken a great deal of time for the old state to get under headway but she may show a burst of speed yet that will be an eye opener to some folks.

## GENERAL NEWS IN A NUTSHELL.

Eugene V. Debs made an address at the Chicago labor convention, in which he said "strikes don't pay; all strikes are lost."

Treasury officials confidently predict that before the end of the year the receipts of the government will exceed its expenditures.

The sixth week of the Luetger murder trial began in Chicago. William Charles, Luetger's business partner, was the principal witness.

John Boecker, a farmer of Carroll, Iowa, killed his wife and five of his children, fatally wounding his other child and then committed suicide.

The first consignment of tobacco from Cuba since General Weyler revoked his decree forbidding the export of that commodity has arrived in New York.

Richard Croker, former leader of Tammany, says he is sure that the organization's mayoralty candidate will win in the approaching election in New York.

Sanitary Inspector Brunner, in his last report to the marine hospital service from Havana, says the sanitary condition of that city is at its worst and the city is ripe for all epidemic diseases.

In diplomatic circles in Washington surprise is expressed at the forbearance of this government while Canadian poachers are depredating in American waters and killing seals indiscriminately.

The administration has decided to withhold from publication for the present the letter which Minister Woodford delivered to the Duke of Tetuan outlining this government's views in regard to the war in Cuba.

## BRIEF LOCAL MATTERS.

W. B. Merrimon, of Raleigh, is in the city today.

G. T. Jenkins, of Salem, is registered at the McAdoo today.

G. Sam Bradshaw left the city on the noon train today going north.

Early risers reported a slight frost here this morning, about in spots.

E. D. Steele, of High Point, was on the north bound train at noon today.

Prof. John Humphries left on the noon train for his home in Lynchburg, Va.

Rejoice and be glad! The gas pipe repairing business on South Elm is about completed.

Rev. Dr. T. N. Ivey will conduct prayer meeting tonight at Centenary church, at 8 o'clock.

J. M. Odell, of Odell Manufacturing Company, of Concord, was in the city last night and went north.

Dr. L. A. Carr, of Durham Fertilizer Works, was in the city last night and went to Durham this morning.

Geo. W. Watts, of Durham, was here last night returning from Charlotte. He went home this morning.

Mrs. A. S. Merrimon and daughter, of Raleigh, were here at noon, returning home from a visit to Salisbury.

Mrs. Dr. J. A. Hodges, of Richmond, Va., is visiting the family of Capt. J. W. Fry, on North Elm street.

W. W. Fuller, of New York, formerly of Durham, attorney for the American Tobacco Company, was in the city today.

The regular meeting of the W. C. T. U. will be held on Thursday afternoon at 4:30 o'clock at the rooms over Mrs. Gorrell's millinery store.

E. E. Richardson, of Chattanooga, Tenn., accompanied by his sons, Gray and Edmund, Jr., spent yesterday in the city with R. Percy Gray.

The little boy, Henry Crawford, who was so seriously injured by an explosion, as noted in yesterday's TELEGRAM, is resting quietly today.

The Huffines building on South Elm street is nearing completion. Both rooms have been rented, one to be occupied by S. G. Hodgkin & Co., and the other by Clary, the market store man.

The new front at C. M. Vanstort & Co.'s is fast assuming a finished appearance. A new awning frame is being put up today. The new goods just opened give the inside a finished appearance, too.

The cause of the fire alarm last night about 9:45 was some boxes and trash on fire on Davie street near where the Phoenix store was burned. The fire department turned out promptly and the flames were quickly extinguished.

The new uniform for the Dr. Blue Mountain Joe's troupe were worn on the street parade today for the first time. The uniform is very handsome and attractive. The band in full uniform, will attend the bicycle races at Salisbury tomorrow.

The numerous "Knights of the grip" to be seen going to and from every train, say that the business outlook is encouraging. We are glad of some indication that old man prosperity is on the road again. There hasn't been much the matter with him anyway; he's only been held over on suspicion at the demagogue's camp of detention.

Chas. H. Ireland left today for Charlottesville, Va., to attend the funeral and burial of his sister, Mrs. J. A. Hartsook, of that place, who died last night of consumption. Mrs. Hartsook spent several weeks at Mr. Ireland's home in this city the past summer, and was in very feeble health at that time. It was only two or three weeks ago that she returned to Charlottesville.

Last night about ten o'clock, a horse belonging to Mr. Julius Cone, ran away with a buggy, starting some where in North Greensboro. No one was hurt, there being nobody in the buggy at the time. The horse turned into Elm street, north of the court house and was given undisputed right of way down South Elm, where he turned into East Washington. Spectators say the buggy at that point was almost a total wreck. We learn that the horse was badly injured by cutting the tendon in the right hind leg.

## POMONA TERRA COTTA WORKS.

This Industry Has Grown to Immense Proportions.

We notice wagons hauling large quantities of 18 inch terra cotta pipe from the Pomona Terra Cotta Works to Summit avenue to be used in the improvements going on there.

This important industry, the Pomona Terra Cotta Works, is situated about one mile from Pomona, on the Winston-Salem division of the Southern railroad. There are two plants, near each other, with machinery for working and kilns for burning the clay and turning old mother earth into what is nowadays an indispensable product.

Many sizes of pipe are manufactured and it is used for various purposes, ordinary drainage pipes, well curbing, chimney flues, underground waterways in the construction of waterworks and sewerage systems, and for other purposes.

Few people know what an extensive plant and business has been built up in this line by the steady push and intelligent energy of the owners of the Pomona Terra Cotta Works. Borens Bros. are the managers, and they are vigorous and industrious men.

The quantity of manufactured product to be seen on the yards ready for shipment, furnishes abundant evidence of the hustling energy of these men.

### An Inventive Chinaman.

Chinamen are not noted for any inventive genius, but Ding Cie Sui of Foo Chow, China, is leading his countrymen in a new field of enterprise by his inventive genius. Ding Cie Sui has invented a machine for spinning cotton, and has lately filed an application for a patent before United States patent office through his attorneys. He will shortly file a second application for additional improvements on his invention. The machine marks a departure in methods of cotton spinning, and is said to give evidence of great ingenuity on the part of the Chinaman, who has developed a large "bump of originality" in spite of being born and reared in a nation of imitators, where age is regarded as the prime virtue of ideas and methods.

### The Show.

Another large audience attended Dr. Blue Mountain Joe's show last night. An exceptionally strong bill was presented, which delighted every one present. Only a few days remain in which to visit this meritorious show.

Tonight another all feature, double bill will be presented, introducing new songs, dances, acrobatic feats, sketches, etc., concluding with the laughable farce comedy, entitled, "Casey the Piper, with Eddie McDade as "Casey." Prices tonight will be, adults, 20 cents; children under 12, 10 cents.

### Death of a Prominent Editor.

A special from Washington, N. C., to the News and Observer says: "Rev. J. L. Winfield, editor of the Watch-Tower, the organ of the Christian church in North Carolina, died at his residence in this city this morning after some days' illness. Mr. Winfield was one of the foremost preachers of his church in the State and had quite a number of positions of trust and honor both in church and State and at the time of his death, was chairman of the county Board of Education. No man in this section wielded a more trenchant pen and the whole community will mourn his loss."
